

Dear Local Stakeholder,

Due to a leaking water main, Maidstone Road near the Esso petrol station and Foresters Arms pub has been closed, affecting the existing diversion route for the Badsell Road closure.

The diversion route has been revised to use the A21 via Kipping's Cross, connecting with the A228 towards Paddock Wood and Maidstone Road.

Please follow the temporary diversion signs throughout your journey, which have now been updated to reflect the revised route.

We are awaiting confirmation of when the water main repairs will be completed. Once Maidstone Road reopens, we intend to revert to the originally planned Badsell Road diversion routes as soon as possible. We will provide a further update once the repair timescale is confirmed.

We apologise for any inconvenience and thank you for your patience and understanding.

Kind Regards,

Emma Bates

Public Liaison Officer
